BISHOP FIXTURE + MILLWORK

# Mall Kiosks

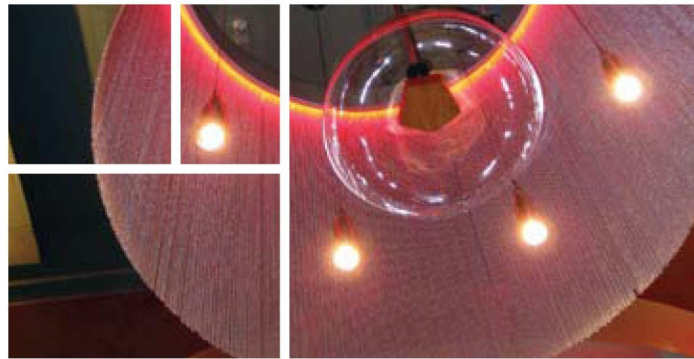

Bishop Fixture & Millwork specializes in quality fixture and merchandising solutions for the Wireless Industry. Whether you are working within a retail store space or kiosk we will help to provide your customers with an exceptional retail experience. From custom fixtures and kiosks to rollouts, you can count on excellence in design, construction and service.

# Retail Stores

**At Bishop Fixture & Millwork,** we understand that our success depends on our customers' success. That is why everything we do is based on the following criteria:

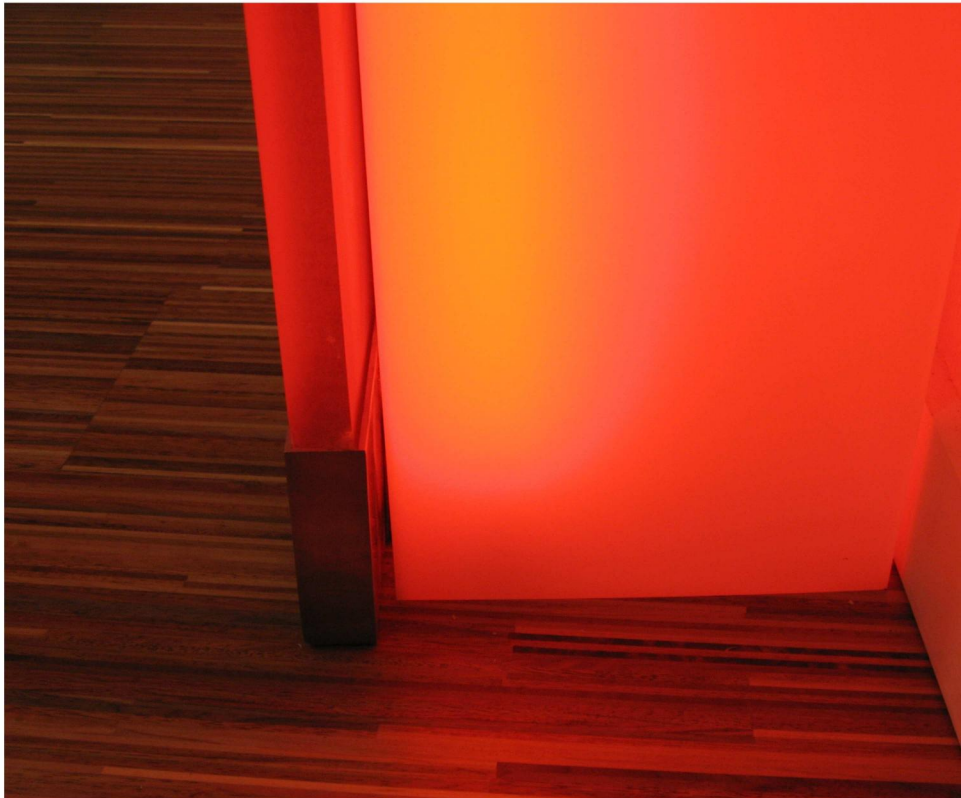

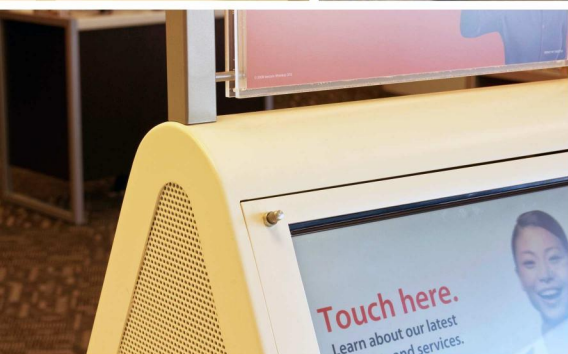

- **Quality** - our bedrock principle is providing the highest quality products at reasonable prices - no exceptions.
- **On Time Delivery** - Our reputation is built on meeting demanding lead times, on time. That is our commitment to our customers.
- **Service** - we support our customers from the initial design to years after our fixtures have been installed. Our fixtures are built to go the extra mile and our service is there every step of the way.
- **Value** - is added to every fixture through intelligent engineering and design. If a fixture is designed with flexibility, durability, and cost savings in mind it provides a greater return on investment for the life of the fixture.
- **Visual Appeal** - with an endless variety of materials and finishes, our fixtures can be customized to fit your style. Fixture design is executed to provide seamless integration into your overall design concept and branding.
- **Customer Experience** - This is a crucial component in successful retail sales. Intuitive layouts for customer transactions, visual appeal, attractive merchandising and quality construction all enhance the customer experience and increase sales.
- **Employee Comfort & Productivity** - Proper ergonomics and fixture design can help improve employee productivity and profitability.
