BISHOP

FIXTURE + MILLWORK

Company Overview

Bishop Fixture and Millwork is a leading manufacturer and solution provider for custom commercial environments. Combining 35 years of American manufacturing with offshore partnerships, Bishop provides the worlds most demanding retail, entertainment, hospitality, education and medical facilities with premier design-build products and services.

Turn-Key Services

- ☐ Project Management
- ☐ Large - Small Run Manufacturing
- ☐ Prototyping
- ☐ Drafting & Value Engineering
- ☐ Creative Design & Rendering
- ☐ Installation & On-Site Service
- ☐ Refurbishment
- ☐ Warehousing & Logistics
- ☐ International Sourcing

Bishop Fixture + Millwork's Headquarters are located in the small town of Balsam Lake, WI. The facility consists of 320,000 square feet of flexible manufacturing and warehousing to accommodate both one-off projects and international store rollouts.

“Value Committed. Relationship Driven.” has been Bishop’s business philosophy since 1977. This approach has led to 20+ year relationships with Fortune 500 retailers and numerous “Fixture Vendor of the Year” awards.

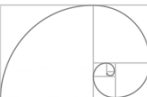

“What’s the difference?” We strive to be an extension of our customer which translates into customer-centric account teams, 24/7 service, shorter turnarounds, superior solutions and a greater ROI.

Bishop's Products include custom retail fixtures, merchandising displays, POP, furniture, architectural millwork, signage & hardware. Our fabrication capabilities allow us to create nearly anything you can dream up, and our experienced engineers and project managers will ensure those ideas become a reality, with expertise and value.

Store Environments

Verizon Experience Flagship, Southlake TX

Bishop Fixture + Millwork provides retail environments ranging from flagship stores to pop-ups. Our expertise in retail fixtures, general construction, manufacturing and installation mean seamless, superior solutions.

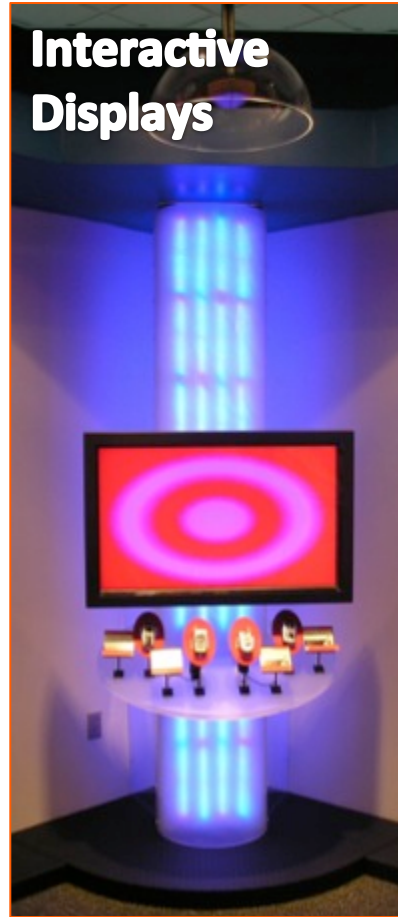

Displays + Fixtures

Gondolas & Shelving

Interactive Displays

Display Tables

Signage & Graphics

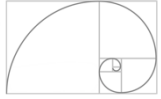

Create displays that meet your design, budget and environmental initiatives. Bishop lets you go beyond the status quo, by manufacturing with all materials, finishes, interactive technology, lighting and security available today.

Millwork + Furniture

Bishop Fixture + Millwork combines top quality craftsmanship with value engineering to get you the custom look you desire within your budget. Store fronts to trim to seating packages and everything in between. Take your interior to the next level, from wall to wall, with Bishop's custom architectural millwork and furniture.

Kiosks

Bishop has a reputation for building the best kiosks in the industry. That's why we are the sole provider of Verizon Wireless Kiosks. Each is tailor-made by Bishop's master craftsmen and hand-delivered by our professional installation team. By blending the latest interactive technology, security and design, our clients can expect a more profitable mall footprint.

Carts + POS

Like our kiosks, Bishop is able to meet your POS needs with the highest quality materials seamlessly incorporating your merchandise and brand messaging. This Regis Mall POS includes 6 back-lit signs and locking doors that open to product merchandising and a customer consultation space.

Field Services

Services

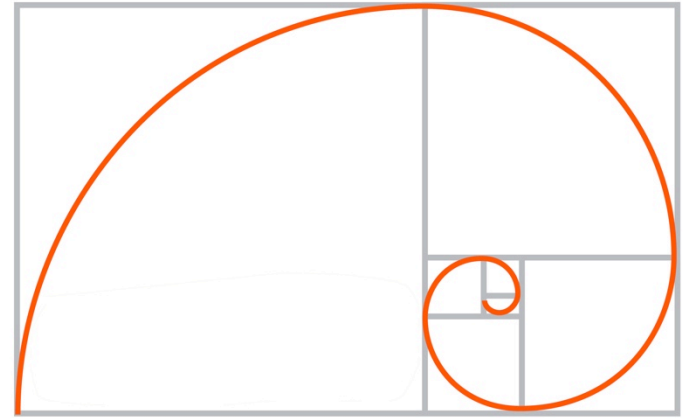

- ☐ 24/7 Service
- ☐ General Contracting
- ☐ Installation
- ☐ Refurbishment
- ☐ Relocation/Storage
- ☐ All Material Repairs
- ☐ Lighting & Signage
- ☐ UL Electrical

Bishop's field service teams have completed thousands of professional installations, reconditions, removals and relocations. Store installations and field services are available 24/7, nationwide to accommodate your store schedule and minimize downtime.

BANANA REPUBLIC

REGIS

“Reaction time and service levels are impeccable when working with Store Design teams on new development.” – Gap Inc.

Since 2004, Bishop has worked closely with Gap’s design, procurement and execution teams to support their corporate and franchise stores world-wide. In 2011, Bishop delivered store fixtures and turn-key solutions throughout North America and China, earning the distinction “Gap Fixture Vendor of the Year.” Bishop continues to support Gap and its subsidiary brands, Banana Republic & Athleta.

GAP

Fall Rollout

6 Weeks – 272 Stores

Fixtures: Merchandising Ladders and Tables

- Materials: Solid Oak, Oak Veneer, Steel.
- Finishes: Water Base Clear Coat, Black Lacquer, Black Powder Coat.
- Design/Engineering: Engineered from Sketch.

Summer Prototyping

3 Days – 85 Fixtures

Fixtures: Decking Platforms and Rope Merchandising

- Materials: White Maple, Powder Coat Steel, Nylon Rope.
- Finish: Water Based Clear Coat
- Design/Engineering: Engineered from sketch.

Table Display Rollout

5 Weeks – 170 Stores / 3,570 Fixtures

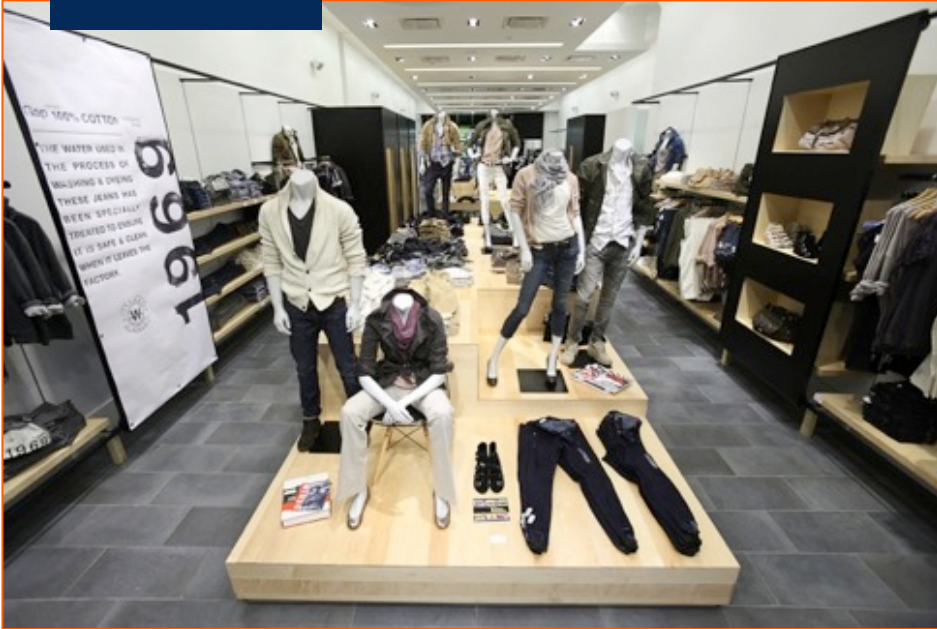

Maple White-Top Tables & Boxes: The tables & boxes are made with white maple bases and 4" legs, finished with a low-VOC water base clear coat. The tops are a vinyl wrapped MDF for a scratch resistant merchandising surface.

The Gap logo, consisting of the word "GAP" in white, serif, all-caps font on a dark blue rectangular background.

1969 Denim Store

Design-Build-Install: 29 Days

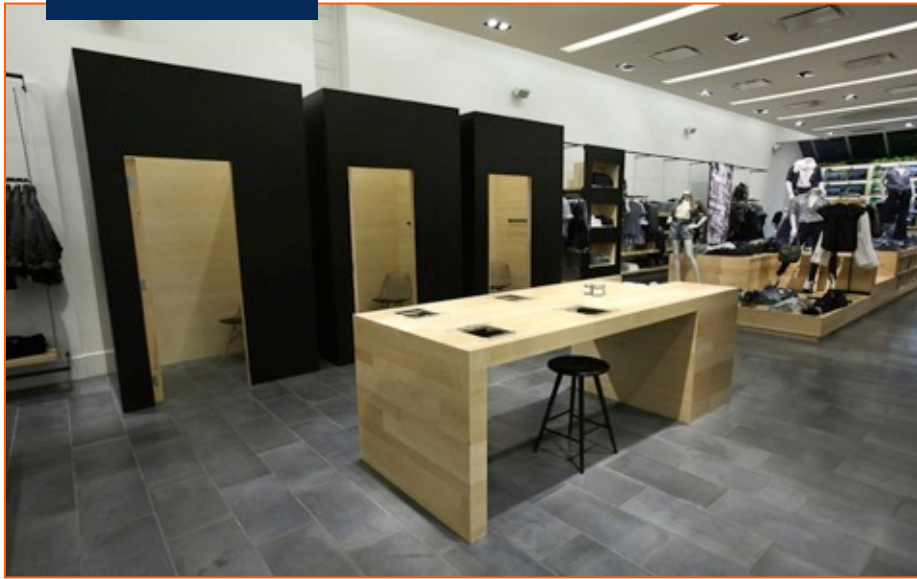

Singage Rail: Custom signage showcases 1969 graphics & product with versatility. 4 rails spanning 20' to 32' support 6 interchangeable sign frames, allowing Gap staff to position and lock their branding from nearly wall to wall.

Merchandising Boxes: Center of store, two merchandising boxes were tongue & grooved (hand finished) on-site with maple to ensure a flawless one-of-a-kind finish for opening day.

1969 Denim Store

Design-Build-Install: 29 Days

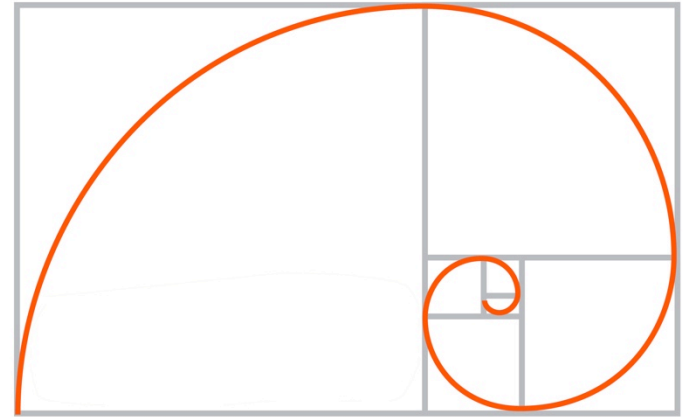

iPad Interactive Cashwrap: A maple veneer with 4 recessed iPads allows customers to view 1969 jean styles and other Gap product information.

Changing Rooms: 3 Changing Rooms in a Flat Black Ash exterior and a Maple Veneer Clear Coated interior with black powder coated hardware.

Merchandising Tables & Denim Wall: 10' Maple "Denim Wall" showcases 1969 jeans under LED Slim Lights.
